

ROBERTA MEMORIAL LIBRARY COH CSIC CNORC EALB

SUBJECT INDEX

A

- Abortion: missed, oxytocin in, 441
 Abscess
 liver, amebic, metronidazole in, 221
 lung, penicillin G in, 22
 Acetazolamide: and outflow facility, 472
 Acetylsalicylic acid (*see* Aspirin)
 Acne, 101 ff.
 inflammatory, sulfadimethoxine in, 101
 oxygen and chlorhydroxyquinolone in, 102
 vulgaris, tetracycline in, 103
 Actamer: in taenia saginata and diphyllbothrium latum infections, 260
 ACTH (*see* Corticosteroids)
 Acthar (*see* Corticosteroids)
 Actinomycotic subdural empyema: surgery and antibiotics in, 207
 Adanon: in postoperative pain relief, 528
 Addiction
 drug, therapy of, 354
 glutethimide, 356
 narcotic, natural history, 352
 Adolescence (*see* Children)
 Adrenals
 hemorrhage during anticoagulants, 71
 steroids (*see* Corticosteroids, Steroids)
 suppression, in hirsutism, 437
 Adrenergic aerosols: and iatrogenic asthma, 10
 Aerosols
 adrenergic, and iatrogenic asthma, 10
 dexamethasone, in hay fever, 7
 Aged (*see* Geriatrics)
 Agranulocytosis: and ethacrynic acid, 275
 Alcoholic liver disease: anabolic steroids in, 278
 Alcoholism, 360 ff.
 LSD-25 therapy of, 361
 metronidazole in, 360
 therapy, in subacute stage, 362
 withdrawal syndromes, therapy of, 365
 Aldactone-A: diabetes and hyperkalemic paralysis, 273
 Aldomet (*see* Methyldopa)
 Alkeran: in myelomatosis, 326
 Allergy, 5 ff.
 ACTH and, 5
 granuloma of prostate, steroids in, 6
 oxacillin, 181
 penicillin (*see* Penicillin)
 steroids and, 5
 Allopurinol, 134 ff.
 gout and, 134 ff.
 hyperuricemia of leukemia and lymphoma and, 324
 uremia and, 138
 uric acid metabolism disorders and, 139
 Alpha chymor: in glaucoma after cataract extraction, 472
 Alpha chymotrypsin: in glaucoma after cataract extraction, 472
 Alpha-Methyldopa (*see* Methyldopa)
 Alupent: evaluation, 10
 Ambilhar: and schistosomiasis mansoni, 263
 Amebic dysentery and liver abscess: metronidazole in, 221
 Amenorrhea: after oral contraceptive therapy, 452
 Amethopterin (*see* Methotrexate)
 Amicar (*see* Epsilon-aminocaproic acid)
 Aminocaproic acid (*see* Epsilon-aminocaproic acid)
 Aminosalicic acid: patient cooperation study, 231
 Amitriptyline: and depression, 399, 405
 Amniotic fluid: ampicillin passage into, 176
 Amphetamine
 abuse, 355
 combination, in obesity, 411
 Amphotericin B: in monilial pyohydronephrosis, 224
 Ampicillin, 176 ff., 203 ff.
 bronchitis and, 20
 candida outgrowth and, 177
 colonic surgery and wound infection, 520

- enterococcal endocarditis and, 201
 levels, in newborn and prematurity, 179
 passage into liquor amnii and fetal circulation, 176
 pneumonia and, 213
Proteus mirabilis meningitis and, 208
Salmonella newport and prematurity, 205
 shigellosis and, 219
 typhoid carriers and, 203
 typhoid excretors and, 204
 Anabolic steroids: in alcoholic liver disease, 278
 Anabolic, vitamin. stimulant mixture. for debilitation, in aged, 401
 Analexin: and diphenylhydantoin metabolism, 333
 Analgesia, 415 ff., 524 ff.
 comparison of methotrimeprazine and meperidine, 527
 consumption, and urinary calculi, 527
 intravenous, in labor, 416
 nitrous oxide, and postoperative pain relief, 528
 obstetric, anileridine and meperidine for, 415
 pentazocine, 524 ff.
 preoperative and postoperative use, 524
 urology and, 525
 Anavar: in growth retardation, in children, 292
 Anemia, 143 ff.
 Felty's syndrome, adrenocorticosteroids in, 287
 hemolytic
 acquired, and methyldopa, 84
 antibodies to penicillin causing, 176
 autoimmune, and alpha-methyldopa, 81
 purpura and, 6-mercaptopurine in, 154
 hookworm, Imferon in, 259
 megaloblastic
 diphenylhydantoin causing, 334
 neuropathy and, nitrofurantoin in, 245
 pernicious, and vitamin B₁₂, 144
 sickle cell, 143 ff.
 indomethacin in thrombotic crises, 144
 phenothiazine failure in, 143
 Angina, 58 ff.
 abdominal, complicating methysergide therapy, 337
 ergot-induced, nitrates in, 60
 pectoris, 58 ff.
 digitalization and exercise, 59
 dipyridamole in, 63
 obesity and, diethylpropion hydrochloride in, 409
 propranolol in, 58
 Anileridine. in obstetric analgesia, 415
 Anoretics: in obesity, in children, 413
 Anorexia nervosa: therapy of, 395
 Antabuse (*see* Disulfiram)
 Antacids: in duodenal ulcer, 122
 Antibiotics, 161 ff.
 actinomycotic subdural empyema and, 207
 bowel preparation and colon resection complications, 518
 burns and, 505
 ear effusions and, 476
 open heart surgery and infection, 521
 peritoneal irrigation with, 164
 pneumonia and, in children, 215
 renal disease and, dosages, 161
 renal failure and, 165
 staphylococcal infections and, in newborn, 197
 sulfadiazine-resistant meningococci carriers and, 210
 synovial membrane permeability to, 167
 Antibodies: to penicillin, causing hemolytic anemia, 176
 Anticancer drugs: review of, 313
 Anticholinesterase: in glaucoma, 469
 Anticoagulants, 69 ff., 514 ff.
 adrenal hemorrhage during, 71
 cessation, in ischemic heart disease, 64
 heart failure and, 48
 hematoma in, causing carpal tunnel compression, 70
 phenylbutazone potentiating warfarin, 73
 small intestinal hemorrhage due to, 69
 thromboembolic disease and hip surgery, 516
 thromboembolism and, postoperative, 514

- thrombophlebitis and fever, 85
 tolbutamide and, 113
 Anticonvulsants: in cardiac arrhythmias, 31
 Antidepressants
 depression and, in children, 402
 tranquilizer and, in depression, 404
 Antiemetics, 531 ff.
 diphenidol evaluation, 532
 recovery room, thiethylperazine efficacy, 531
 Antimetabolites: in ulcerative colitis, 125
 Antimicrobics: use and cost in hospitals, 158
 Anti-motion-sickness drugs, 288
 Antithyroid drugs: and hyperthyroidism, 535
 Antituberculosis drugs: and diphenylhydantoin action, 242
 Anuria: hematuria and epsilon-aminocaproic acid, 509
 Anxiety states: oxazepam in, 367
 Apnea: due to colistin, 189
 Apodol: for obstetric analgesia, 415
 Aralen (*see* Chloroquine)
 Aristocort (*see* Triamcinolone acetone)
 Arm ischemia: due to ergotamine tartrate, 338
 Armazide (*see* Isoniazid)
 Arrhythmias: cardiac, anticonvulsants in, 31
 Arthritis
 gouty, indomethacin in, 133
 rheumatoid (*see* Rheumatoid arthritis)
 steroids in, intra-articular, 494
 Arthropathy: and steroids, 88
 Ascitic fluid: cephalothin passage into and out of, 183
 Aspergillosis: pulmonary, nystatin in, 223
 Aspirin, 496 ff.
 gastrointestinal hemorrhage due to, 499
 pancytopenia from marrow damage due to, 496
 rheumatoid arthritis and, 483
 tolerance test, 497
 ulcer after, peptic, 501
 Asthma, 10 ff.
 childhood
 iodotherapy of, 13
 steroids in, 15 ff.
 chorionic gonadotropin in, in adolescents, 12
 chronic, corticosteroids in, 14
 iatrogenic, and adrenergic aerosols, 10
 theophylline in, 8
 Astiban: in schistosomiasis mansoni, 264
 Atabrine: in neoplastic effusions, 303
 Ataractics: withdrawal in schizophrenia, 379
 Atrial fibrillation: conversion to normal sinus mechanism, 38
 Atromid S (*see* Ethyl-a-p-chlorophenoxyisobutyrate)
 "Autoimmune" diseases: azathioprine in, 285
 Avazyme: in hydrotubation in tubal occlusion, 441
 Aventyl: and adynamic ileus, 406
 Avlosulfon (*see* Dapsone)
 Azathioprine
 "autoimmune" diseases and, 285
 cirrhosis and, biliary, 279
 granulomatosis and, Wegener's, 17
 renal disease and, immunologic, 269
 thrombocytopenic purpura and, 152
 ulcerative colitis and, 128
- B
- Bacillus proteus: causing cystitis, nalidixic acid in, 250
 Bacteria
 degradation of chloramphenicol, 184
 flora of male urethra, in urethritis, 243
 Bacteroides: penicillin and cephalothin, 202
 Bancroftian filariasis: diethylcarbamazine in, 262
 Barbiturates
 intoxication, therapy of, 371
 minimal, in psychiatric ward, 382
 Benemid: in diuretic-induced hyperuricemia, 55
 Bilharzial fibrosis and calcification: of bladder, 265
 Bithionol: in taenia saginata and diphyllbothrium latum infections, 260
 Bladder: bilharzial fibrosis and calcification of, 265

Bleeding (*see* Hemorrhage)
 Blepharospasm: pipradrol hydrochloride in, 462

Block

heart (*see* Heart)
 nerve, with phenol. in spasticity 342

Blockade: neuromuscular, and colistin, 188

Blood

pressure
 furosemide and, 53
 umbilical cord venous, and Methergine, 427
 transfusions, in thrombocytopenia, 156
 white cells, and ethyl- α -p-chlorophenoxyisobutyrate, 41

Bone marrow damage: aspirin causing pancytopenia from, 496

Bowel: antibiotic preparation, and colon resection complications, 518

Bowenoid conditions of skin: 5-fluorouracil in, 94

Brain, 394 f.

 damage, pentylenetetrazol in, in aged, 395

 self-stimulation, therapy of, 354
 syndrome, pentylenetetrazol and nicotinic acid in, 394

Breast

cancer, 5-fluorouracil in, 309
 engorgement (*see* Lactation suppression)

Bromelains: for episiotomy pain, 435

Bromide intoxication: ethacrynic acid in, 372

Bronchi

infections, gentamicin and colistin in, 19

lavage, in cystic fibrosis, 293
 -lymph node tuberculosis, prednisone in, in children, 240

Bronchiolitis: corticosteroids in, 23

Bronchitis, chronic, 20 ff.
 ampicillin and tetracycline in, 20
 early, chemotherapy of, 21

Burns, 502 ff.

 antibiotics and exposure in, 505

 silver nitrate in, 502 ff.

Butazoladin (*see* Phenylbutazone)

C

Calcification: bilharzial, of bladder, 265

Calcium carbimide. compariso
 with disulfiram, 358

Calculi

 cystine, dissolution, and D-penicillamine, 291
 urinary, and analgesic consumption, 527

Cancer, 302 ff.

 anticancer drugs, review of, 313

 breast, 5-fluorouracil in, 309

 cervix, methotrexate in, 310

 chemotherapy

 in children, 302

 patient protection in, 305

 effusions of, quinacrine in, 303

 endometrium, progesterone caproate in, 312

 metastases, seminoma, chemotherapy of, 325

 occurrence, and isoniazid, 240

 ovaries, thio-TEPA in, 311

Candida outgrowth: and ampicillin, 177

Carbachol: and intraocular pressure, 470

Carbaminoylcholine chloride: and intraocular pressure, 470

Carbohydrate metabolism: and furosemide, 53

Carbonic anhydrase inhibitor: in pancreatitis, 294

Cardiazol (*see* Pentylenetetrazol)

Cardioversion, quinidine in, 36 ff.
 after countershock, 37

Carpal tunnel compression: due to hematoma in anticoagulant therapy, 70

Carphenazine: in schizophrenia, 378

Cataract extraction, 457 ff.

 glaucoma after, alpha chymotrypsin in, 472

 osmotics for postoperative complications, 457

 oxyphenbutazone for inflammation after, 458

Cells: white blood, and ethyl- α -p-chlorophenoxyisobutyrate, 41

Cephalothin, 182 ff.

 bacteroides and, 202

 clinical studies with, 182

 passage into and out of ascitic fluid, 183

 penicillin allergy and, 178

Cervix carcinoma: methotrexate in, 310

- Children
 adolescent, tiqueurs, diazepam
 and haloperidol in, 366
 asthma (*see* Asthma)
 cancer, chemotherapy of, 302
 depression, antidepressants for,
 402
 growth retardation, oxandrolone
 in, 292
 hearing loss after neomycin irri-
 gation, 186
 infant
 hypoglycemia, zinc glucagon
 in, 297
 isoniazid and cancer occur-
 rence, 240
 leukemia (*see* Leukemia)
 newborn
 meningeal irritation due to tet-
 racycline, 192
 methicillin and ampicillin lev-
 els and, 179
 staphylococcal infections, anti-
 biotics in, 197
 sucking behavior and obstetric
 sedation, 429
 obesity, anoretics in, 413
 pneumonia, antibiotics in, 215
 tuberculosis of
 drug resistant, 228
 lymph node-bronchial, predni-
 sone in, 240
 urinary tract infections, nalidixic
 acid in, 248
- Chloramphenicol
 bacterial degradation of, 184
 gonorrhea and, 253
 renal failure and, 165
- Chlordiazepoxide: in "activated
 EEGs," 393
- Chlorhydroxyquinoline: in acne and
 pyoderma, 102
- Chloromycetin (*see* Chlorampheni-
 col)
- Cloroquine, 473 ff.
 leg cramps and, 341
 myopathy due to, 473
 psoriasis and keratoderma ble-
 norrhagicum, 98
 -resistant falciparum malaria
 (*see* Malaria)
 retinopathy due to, 475
 sarcoidosis and, pulmonary, 296
- Chlorothiazide
 comparison with alpha-methyl-do-
 pa and rauwolfia, 79
 comparison with furosemide, 53
- Chlorpromazine, 376 ff.
 different administration modes,
 376
 long-term, eye exams after, 386
 pigmentation, uremic accentua-
 tion of, 388
 withdrawal in schizophrenia, 377
- Chlorpropamide in diabetes, 115
 during pregnancy, 121
- Cholestyramine: in hypercholester-
 emia, 42
- Cholinergics: in glaucoma, 469
- Chymar: in hydrotubation in tubal
 occlusion, 441
- Chymoral: in episiotomy, 434
- Chymotrypsin: in hydrotubation in
 tubal occlusion, 441
- Circulation: fetal, ampicillin pas-
 sage into, 176
- Cirrhosis, 279 ff.
 biliary, azathioprine in, 279
 complications of diuretics, 274
 controlled diarrhea in therapy of,
 280
 renal failure and diuretics, 277
- Clarín (*see* Heparin)
- Climacteric (*see* Menopause)
- Clomid: control of ovulation time
 and cycle length with, 453 ff.
- Clomiphene citrate: control of ova-
 lation time and cycle length
 with, 453 ff.
- Clot
 lysis, with fibrinolysin, 517
 retention, in kidney, and epsilon-
 aminocaproic acid, 509
- Cloxacillin: in osteomyelitis, 212
- Coagulation: warfarin and pheno-
 barbital, 74
- Coccygodynia: among aged, 299
- Colchicine therapy: and diagnosis,
 132
- Colistimethate (*see* Colistin)
- Colistin, 188 ff.
 apnea due to, 189
 bronchial infections and, 19
 neuromuscular blockade and, 188
 renal failure and, 165
- Colon, 518 ff.
 resection, complications and anti-
 biotic bowel preparation, 518
 surgery, ampicillin and wound
 infection, 520
- Coly-Mycin (*see* Colistin)
- Compazine: dislocation of mandi-
 ble during, 387

- Contraception, oral. 447 ff. 451 ff
 ovulation return after discontinuance, 451
 postpartum, 456
 program synchronized with moon phase in Pakistan, 449
 therapy, amenorrhea after, 452
 thrombosis and sickle cell hemoglobinopathy, 453
 thyroid function tests and, 447
- Convulsive therapy. 398 ff.
 electroconvulsive. in depression, 399
 electroconvulsive and pharmacconvulsive. in psychiatric disorders, 398
 Indoklon, 399
- Corticosteroids
 (See also Steroids)
 allergy and, 5
 asthma and, chronic, 14
 bronchiolitis and, 23
 corticotropin
 complications in multiple sclerosis, 339
 myasthenia gravis and, 345 ff.
 destructive changes after, in finger joint osteoarthritis, 492
 enteritis and, regional, 124
 Felty's syndrome and, 287
 fluorouracil toxicity and, 90
 infectious mononucleosis and, 225
 leukemia and, granulocytic, 323
 during pregnancy, 436
 sarcoidosis and, pulmonary, 295
 strongyloidiasis and, fatal, 87
 therapy, surgical complications of, 91
 thrombocytopenic purpura and, 151
 ulcerative colitis and, 129 ff.
 surgical results, 129
 withdrawal in rheumatoid arthritis, 490 f.
- Corticotropin (see Corticosteroids)
 Cotolone: in osteoarthritis, 491
 Cotone (see Prednisone)
 Coumadin (see Warfarin)
 Coumarin induced bleeding complications, 65
- Countershocks, 33 ff.
 D-C, diazepam and thiopental during, 35
 multiple, in ventricular fibrillation, 33
 after quinidine in cardioversion, 37
- Cramps: leg, chloroquine in, 341
 Cranium: hypertension after tetracycline 193
 Cremodiazine (see Sulfadiazine)
 Cuemid in hypercholesteremia, 42
 Cuprimine (see Penicillamine)
 Cyclamycin in streptococcal infections, 194
- Cyclophosphamide
 leukemia and, in children, 321
 lipid nephrosis and, 271
 sarcoma and, reticulum cell, 319
- Cystic fibrosis: bronchial lavage in, 293
- Cystine stone dissolution: and D-penicillamine, 291
- Cystinuria: cystine stone dissolution and D-penicillamine, 291
- Cystitis, nalidixic acid in, 249 ff.
 Bacillus proteus causing, 250
 phosphatic encrusted, 249
- Cytoxan (see Cyclophosphamide)
- D
- Dapsone
 chloroquine-resistant malaria and, 217
 polycythemia and lung disease, 150
 -resistant lepromatous leprosy, 222
- Daraprim: in polycythemia and lung disease, 150
- Darier's disease: penicillamine in, 107
- Debilitation: vitamin, anabolic, stimulant mixture for, in aged, 401
- Delalutin: in endometrial cancer, 312
- Delirium tremens: therapy of, 364
- Demerol (see Meperidine)
- Dental extractions: in hemophiliacs, ϵ -aminocaproic acid in, 147
- Depression, 402 ff.
 amitriptyline in
 with electroconvulsive therapy, 399
 with perphenazine, 405
 antidepressants in
 in children, 402
 with tranquilizer, 404
 dieting and, 411
 tranlycypromine and dextroamphetamine in, 403
- Dermatoses: pustular, of extremities, triamcinolone in, 104

- "Desensitization:" in quinidine hypersensitivity, 32
- Desferal (*see* Desferrioxamine)
- Desferrioxamine
iron excretion after, 140
iron storage disease and, 149
- Desmethylinipramine: in narcolepsy, 349
- Dexamethasone aerosol: in hay fever, 7
- Dexedrine: for depression, 403
- Dextran-iron complex: in hookworm anemia, 259
- Dextroamphetamine: for depression, 403
- Diabetes mellitus, 109 ff., 115 ff.
chlorpropamide in, 115
during pregnancy, 121
hypoglycemic drugs in, during pregnancy, 120
insulin resistant, sulfated insulin in, 109
tolazamide in, 117 ff.
tolbutamide in, 110 ff., 115
- Diabinase in diabetes, 115
during pregnancy, 121
- Dialysis, peritoneal
infection prevention during, 272
renal failure and, 165
- Diamox: and outflow facility, 472
- Diarrhea: controlled, in cirrhosis therapy, 280
- Diazepam
D-C countershock and, 35
status epilepticus and, 330
tetanus and, 226
tiqueurs and, adolescent, 366
- Diethylcarbamazine: in Bancroftian filariasis, 262
- Diethylpropion hydrochloride: in obesity and angina pectoris, 409
- Dieting (*see* Obesity)
- Digitalis: and aged, 45
- Digitalization
exercise and angina pectoris, 59
preoperative, in aged, 522
- Dilantin (*see* Diphenylhydantoin)
- Dimethyl sulfoxide: idoxuridine in, in herpes simplex infection, 108
- Diphenidol: evaluation as antiemetic, 532
- Diphenylhydantoin, 333 f.
action, and antituberculosis drugs, 242
anemia due to, megaloblastic, 334
metabolism, and phenyramidol, 333
myotonia and, 348
- Diphyllobothrium latum infection:
bithionol in, 260
- Diplopia: monocular, guanethidine in, 460
- Dipyridamole: in angina pectoris, 63
- Dislocation: of mandible during prochlorperazine, 387
- Disulfiram, 358 ff.
comparison with calcium carbimide, 358
neuropathy due to, 359
- Diuretics
action of furosemide, evaluation, 49
aged and, 45
cirrhosis and
with complications, 274
with renal failure, 277
hypertension and glucose tolerance, 77
inducing hyperuricemia, probenecid in, 55
- Diuril (*see* Chlorothiazide)
- Dolophine: in postoperative pain relief, 528
- Doriden: addiction to, 356
- Dracontiasis: niridazole in, 256
- Drug
addiction, therapy of, 354
reactions, epidemiology of, 283
- Duodenal ulcer: antacids in, 122
- Dyrenium (*see* Triamterene)
- Dysentery: amebic, metronidazole in, 221
- Dystonic effects of phenothiazine:
methylphenidate for, 390

E

- Ear effusions: middle, and antibiotics, 476
- Echothiophate: in myasthenia gravis, 347
- Edema: refractory, diabetes, spironolactone, and paralysis, 273
- Elavil: in depression, 399, 405
- Elderly (*see* Geriatrics)
- Electroconvulsive therapy
depression and, 399
psychiatric disorders and, 398
- Electroencephalography: chlordiapoxide in "activated EEGs," 393

- Embolism, pulmonary, 24 ff.
 fibrinolytic agents in, 25
 heparin for wheezing in, 24
- Emotional disorders (*see* Psychiatric disorders)
- Empyema: actinomycotic subdural, surgery and antibiotics in, 207
- Endocarditis: enterococcal, ampicillin in, 201
- Endocrine lid retraction: guanethidine for, 459
- Endometrial cancer: progesterone caproate in, 312
- Endometriosis: norethynodrel in, 438
- Endotoxic shock: isoprenaline in, 511
- Enovid (*see* Norethynodrel)
- Enteritis: regional, corticosteroids in, 124
- Enterococcal endocarditis: ampicillin in, 201
- Enterocolitis: staphylococcal, vancomycin in, 199
- Enuresis: benign, control of, 329
- Enzyme therapy: proteolytic, for episiotomy, 434
- Epidemiology: of drug reactions, 283
- Epilepsy: drug-treated, folic acid effects in, 332
- Epinephrine: topical, for eye, 468
- l-Epinephrine: and intraocular pressure, 467
- Episiotomy, 434 ff.
 bromelains in, 435
 Chymoral in, 434
- Epistaxis: epsilon-amino-n-caproic acid in, 477
- Epsilon-aminocaproic acid, 507 ff.
 dental extractions in hemophilia and, 147
 hematuria and anuria, 509
 hemorrhage and hypofibrinolytic, 508
 after prostatectomy, 507 f.
- Epsilon-amino-n-caproic acid: in epistaxis, 477
- Equanil: side reactions to, 370
- Ergot
 alkaloid, comparison with buccal syntocinon, in postpartum period, 426
 -induced angina, nitrates in, 60
- Ergotamine tartrate: arm ischemia due to, 338
- Erythrasma: in pruritus ani, 100
- Erythrocin (*see* Erythromycin)
- Erythromycin
 estolate, in streptococcal infections, 194
 staphylococcal infections and, in newborn, 197
- Estradiol valerate: in lactation suppression, 432
- Estrogen
 lactation suppression and, 430
 -progestogen, in menopause, 444
- Ethacrynic acid
 agranulocytosis and, 275
 bromide intoxication and, 372
- Ethionamide: tolerance in tuberculosis, 234
- Ethyl- α -p-chlorophenoxyisobutyrate: and leukocyte counts, 41
- Ethylestrenol: in rheumatoid arthritis, 480
- Eutonyl: in hypertension, 75
- Exercise
 angina pectoris and digitalization, 59
 penicillin concentrations and, 169
- Exophthalmos, 536 ff.
 methylprednisolone in, 537
 prednisone in, 536
- Extractions: in hemophiliacs, ϵ -aminocaproic acid in, 147
- Extremities: dermatoses of, triamcinolone in, 104
- Eye, 468 ff.
 epinephrine for, topical, 468
 exams, after long-term chlorpromazine, 386
 infections, external, gentamicin sulfate in, 463
 intraocular pressure (*see* Intraocular pressure)
- F
- Fallopian tubes: occlusion, hydrotubation in, chymotrypsin used, 441
- Feet: pustular eruption, methotrexate in, 105
- Felty's syndrome: adrenocorticosteroids in, 287
- Fertility control: with long-acting injectable steroids, 450
- Fever
 rheumatic, without carditis, chemoprophylaxis in, 479
 thrombophlebitis and anticoagulants, 85

- Fibrillation
 atrial, conversion to normal sinus mechanism, 38
 ventricular, multiple counter-shocks in, 33
- Fibrinolytic agents: in pulmonary embolism, 25
- Fibrinolytic therapy: of rheumatoid arthritis, 480
- Fibrosis
 bilharzial, of bladder, 265
 cystic, bronchial lavage in, 293
 retroperitoneal, methysergide in, 336
- Filariasis: Bancroftian, diethylcarbamazine in, 262
- Finger joints: osteoarthritis of, destructive changes after corticosteroids, 492
- Flagyl (*see* Metronidazole)
- Fluocinolone acetonide: in pretibial myxedema, 533
- 5-Fluorouracil, 306 ff.
 administration method, 307
 Bowenoid conditions of skin and, 94
 breast cancer and, 309
 oral, clinical trial, 306
 toxicity, and corticosteroids, 90
- Folic acid: effects in drug-treated epilepsy, 332
- Fungizone: in monilial pyohydro-nephrosis, 224
- Furacin: in male urethritis, 243
- Furadantin (*see* Nitrofurantoin)
- Furazones: in male urethritis, 243
- Furosemide, 49 ff.
 effect on carbohydrate metabolism and blood pressure, 53
 evaluation of diuretic action, 49
 gout due to, 52
- Fursemide (*see* Furosemide)
- G
- Galactorrhea: and progesterone, 442
- Gantrisin: in trachoma, 465
- Garamycin (*see* Gentamicin)
- Gentamicin
 bronchial infections and, 19
 eye infections and, 463
- Geriatrics
 brain damage and pentylenetetrazol, 395
 coccygodynia and, 299
 debilitation, vitamin, anabolic, stimulant mixture for, 401
 digitalis, diuretics, and low-sodium diets, 45
 preoperative digitalization and, 522
 unnecessary use of tranquilizers, 367
- Gingivitis: ulcerative pseudomembranous, metronidazole in, 220
- Glaucoma
 after cataract extraction, alpha chymotrypsin in, 472
 cholinergics and anticholinesterase in, 469
 open angle, therapy of, 466
- Glucagon
 hypoglycemia and sulfonylurea, 119
 zinc, in hypoglycemia, in infant, 297
- Glucocorticoids: in rheumatoid arthritis, 488
- Glucose
 heart block after myocardial infarction and, 27
 tolerance, hypertension and diuretics, 77
- Glutethimide: addiction to, 356
- Glyceryl trinitrate: fresh, 62
- Goiter: iodide, 538
- Gonadotropin: chorionic, in asthma, in adolescence, 12
- Gonorrhea, 253 ff.
 penicillin in large doses for women, 254
 procaine penicillin and chloramphenicol in, 253
- Gout, 133 ff.
 allopurinol in, 134 ff.
 arthritis and indomethacin, 133
 furosemide precipitating, 52
- Granuloma of prostate: allergic, steroids in, 6
- Granulomatosis: Wegener's, imuran in, 17
- Grifulvin (*see* Griseofulvin)
- Griseofulvin
 failures with, 99
 -warfarin antagonism, 72
- Growth retardation: oxandrolone in, in children, 292
- Guanethidine, 459 ff.
 diplopia and, monocular, 460
 endocrine lid retraction and, 459
 hypertension and, 76

- Gynecomastia, 388 ff.
 monoamine oxidase inhibitor inducing, 389
 phenothiazine and, 388
 Gynergen: causing arm ischemia, 338

H

- Haldol: in adolescent tiqueurs, 366
 Haloperidol: in adolescent tiqueurs, 366
 Hands: pustular eruption, methotrexate in, 105
 Hay fever: dexamethasone aerosol in, 7
 Healing: and zinc sulfate, 510
 Hearing loss: after neomycin irrigation, in children, 186
 Heart
 arrhythmias, anticonvulsants in, 31
 block, 27 ff.
 isoproterenol in, 28
 after myocardial infarction, potassium, glucose and insulin in, 27
 changes, and phenothiazine, 385
 disease, ischemic, anticoagulant cessation in, 64
 failure, 46 ff.
 anticoagulants in, 48
 isoproterenol in, 46
 open surgery, antibiotics and infection, 521
 output, and conversion from atrial fibrillation to normal sinus mechanism, 38
 Hematoma: in anticoagulant therapy, causing carpal tunnel compression, 70
 Hematuria: epsilon-aminocaproic acid in, 509
 Hemoglobinopathy: sickle cell, and oral contraception, 453
 Hemolysis: phenylhydrazine-induced, and iron excretion after desferrioxamine, 140
 Hemophilia, 146 ff.
 dental extractions and epsilon-aminocaproic acid, 147
 steroids in, 146
 Hemorrhage, 65 ff., 497 ff., 507 ff.
 adrenal, during anticoagulants, 71
 aspirin and, 497
 coumarin-induced bleeding complications, 65
 hypofibrinolytic, epsilon-aminocaproic acid in, 508
 after prostatectomy, and epsilon-aminocaproic acid, 507 f.
 small intestine, due to anticoagulants, 69
 Heparin
 purpura fulminans and, 157
 thrombophlebitis and, migratory, 86
 wheezing in pulmonary embolism and, 24
 Hepatitis: 6-mercaptopurine in, 281
 Herpes simplex infection idoxuridine in dimethyl sulfoxide in, 108
 Hetrazan: in Bancroftian filariasis, 262
 Hip surgery: thromboembolic disease and anticoagulants, 516
 Hirsutism: adrenal and ovarian suppression in, 437
 Hodgkin's disease: vinblastine in, 327
 Hookworm anemia: Imferon in, 259
 Hospitalization (*see* Psychiatric hospitalization)
 Hydrochlorothiazide: in breast engorgement, 431
 Hydrocortisone: in obesity, 408
 Hydro-Diuril: in breast engorgement, 431
 Hydrotubation: in tubal occlusion, chymotrypsin used, 441
 Hypercalcemia: sodium sulfate in, 286
 Hypercholesteremia, 42 ff.
 cholestyramine, lipids, and nitrogen in, 42
 para-aminosalicylic acid in, 43
 Hyperkalemia
 paralysis, spironolactone and diabetes, 273
 triamterene and, 54
 Hyperplasia: prostatic, causing urinary retention, 524
 Hypersensitivity: quinidine, "desensitization" in, 32
 Hypertension, 75 ff.
 glucose tolerance and diuretics, 77
 guanethidine in, 76
 intracranial, after tetracycline, 193
 methyldopa and, 82
 pargyline in, 75

- triamterene in, potassium-sparing effects, 78
- Hyperthyroidism: I^{131} , antithyroid drugs and surgery in, 535
- Hypertonia: skeletal muscle, tranyl-cypromine in, 341
- Hypertrophic scar: triamcinolone acetonide in, 95
- Hyperuricemia
 - diuretic-induced, probenecid in, 55
 - in leukemia and lymphoma, allopurinol for, 324
- Hypoglycemia
 - glucagon and sulfonyleurea in, 119
 - zinc glucagon in, in infant, 297

I

- Idoxuridine in dimethyl sulfoxide:
 - in herpes simplex infection, 108
- Ileus: adynamic, and nortriptyline, 406
- Ilosone: in streptococcic infections, 194
- Imferon: in hookworm anemia, 259
- Imipramine: in narcolepsy, 349
- Impetigo herpetiformis: during pregnancy, 92
- Imuran (*see* Azathioprine)
- Inderal: in angina pectoris, 58
- Indocin (*see* Indomethacin)
- Indoklon convulsive therapy, 398
- Indomethacin, 483 ff.
 - activating latent infection, 486
 - gouty arthritis and, 133
 - rheumatic disease and, 485
 - rheumatoid arthritis and, 483 ff.
 - side effects of, 487
 - thrombotic crises in sickle cell anemia and, 144
- Infants (*see* Children)
- Infarction (*see* Myocardial infarction)
- Infectious mononucleosis: corticosteroids in, 225
- Injury: synovial membrane, permeability to antibiotics, 167
- Insulin
 - heart block after myocardial infarction and, 27
 - sulfated, in insulin resistant diabetes, 109
- Intestine
 - hemorrhage, due to aspirin, 499
 - small, hemorrhage due to anticoagulants, 69

- Intoxication, 370 ff.
 - barbiturate, therapy of, 370
 - bromide, ethacrynic acid in, 372
 - water, and oxytocin, 420
- Intraocular pressure
 - carbaminoylcholine chloride and, 470
 - l-epinephrine and, 467
- Iodide goiter: 538
- Iodine-131: and hyperthyroidism, 535
- Iodotherapy: in asthma, in children, 13
- Iron, 140 ff.
 - defective reutilization, and testosterone, 141
 - dextran complex (*see* Imferon)
 - excretion, after desferrioxamine, 140
 - storage disease, desferrioxamine in, 149
- Ischemia: arm, due to ergotamine tartrate, 338
- Ismelin (*see* Guanethidine)
- Isoniazid, 229 ff.
 - cancer occurrence and, 240
 - dosage study, 233
 - patient cooperation study, 231
 - prophylaxis, 229 ff.
 - communitywide trial, 229
 - experience in large city health dept., 230
- Isoprenaline (*see* Isoproterenol)
- Isoproterenol
 - conversion of tachyarrhythmia in myocardial infarction, 26
 - evaluation, 10
 - heart block and, 28
 - heart failure and, 46
 - shock and, endotoxic, 511
- Isoxuprine: and prematurity, 428
- Isuprel (*see* Isoproterenol)

J

- Jejunal ulceration: and potassium gluconate, 56

K

- Kanamycin
 - failure, in *Salmonella newport* among premature, 205
 - neurotoxicity of, 187
 - renal failure and, 165
- Kantrex (*see* Kanamycin)
- Kaon: and jejunal ulcer, 56

- Keflin (*see* Cephalothin)
- Keloid: triamcinolone acetonide in, 95
- Keratin formation disorders: penicillamine in, 107
- Keratoderma blenorrhagicum: chloroquine in, 98
- Kidney
 clot retention in, and epsilon-aminocaproic acid, 509
 disease, 268 ff.
 antibiotics in, dosages, 161
 diabetes, spironolactone, and paralysis, 273
 immunologic, azathioprine in, 269
 immunosuppressive therapy of, 268
 failure
 antibiotics in, 165
 cirrhosis and diuretics, 277
- Kynex: in trachoma, 464
- L
- Labor
 analgesia in, intravenous, 416
 induction, buccal syntocinon in, 425
- Lactase deficiency: and neomycin, 185
- Lactation suppression, 430 ff.
 estrogen in, 430
 hydrochlorothiazide in, 431
 testosterone enanthane and estradiol valerate in, 432
- Larva migrans: cutaneous, 106
- Lasix (*see* Furosemide)
- Lathyrism: and penicillamine-induced skin lesions, 301
- Lavage: bronchial, in cystic fibrosis, 293
- Leg cramps: chloroquine in, 341
- Leprosy: dapsone-resistant lepromatous, 222
- Leritine: in obstetric analgesia, 415
- Leukemia, 320 ff.
 childhood, 320 ff.
 cyclophosphamide in, 321
 prednisone, 6-mercaptopurine and methotrexate in, 320
 granulocytic, corticosteroids in, 323
 hyperuricemia of, allopurinol for, 324
 leukemic transformation of lymphosarcoma, chemotherapy of, 317
- Leukocytes: and ethyl- α -p-chlorophenoxyisobutyrate, 41
- Levoprome: comparison with meperidine, 527
- Librium: in "activated EEGs," 393
- Lid retraction: endocrine, guanethidine for, 459
- Lidocaine: in ventricular tachycardia, 30
- Lincocin (*see* Lincomycin)
 osteomyelitis and, 211
 pneumonia and, 214
 Reiter's disease and, 289
- Lipids
 cholestyramine and hypercholesteremia, 42
 nephrosis, cyclophosphamide in, 271
- Liquor amnii: ampicillin passage into, 176
- Lithium carbonate: in manic psychoses, 391
- Liver
 abscess, amebic, metronidazole in, 221
 changes, and phenothiazine, 384
 disease, alcoholic, anabolic steroids in, 278
 function, and novobiocin, 190
- ISD²⁵
 emotional disorders and, 353
 therapy, of alcoholism, 361
- Lung
 abscess, penicillin G in, 22
 aspergillosis, nystatin in, 223
 disease
 obstructive, management errors in, 18
 polycythemia and, dapsone and pyrimethamine in, 150
 embolism (*see* Embolism)
 function studies, in sarcoidosis, 295
 sarcoidosis (*see* Sarcoidosis)
- Lupus erythematosus: sulfonamide reactions in, 300
- Lupus-like syndrome: myotonia and procaine amide, 40
- Lymph node-bronchial tuberculosis: prednisone in, in children, 240
- Lymphocytes: phenothiazine and schizophrenia, 386

- Lymphoma: hyperuricemia of, allopurinol for, 324
 Lymphosarcoma: leukemic transformation of, chemotherapy of, 317

M

- Madribon (*see* Sulfadimethoxine)
 Malaria, chloroquine-resistant falciparum, 216 ff.
 management of, 216
 sulfone in, 217
 Mandible: dislocation, during prochlorperazine, 387
 Marrow damage: aspirin causing pancytopenia from, 496
 Meclizine hydrochloride: prolonged use of, 381
 Medrol: in exophthalmos, 537
 Megacolon: toxic, 131
 Mellaril: and heart changes, 385
 Melphalan: in myelomatosis, 326
 Meningeal irritation: due to tetracycline, in newborn, 192
 Meningitis, 208 ff.
 pneumococcal, steroids in, 209
 Proteus mirabilis, ampicillin in, 208
 Meningococci carriers: sulfadiazine-resistant, and antibiotics, 210
 Menopause, 443 ff.
 norethynodrel-mestranol in prevention of, 443
 progesterone-estrogen in, 444
 Menses (*see* Menstruation)
 Menstruation
 abnormal, and progesterone, 442
 cycle length, control with clomiphene citrate, 453 ff.
 induction of first after childbirth, 445
 premenstrual urethritis syndrome, 439
 Meperidine
 comparison with methotrimeprazine, 527
 obstetric analgesia and, 415
 Mephesisin: in tic douloureux pain, 350
 Meproamate: side reactions to, 370
 Meratran: in blepharospasm, 462
 6-Mercaptopurine
 hepatitis and, 281
 leukemia and, in children, 320
 purpura and, 154, 156

- Mestranol-norethynodrel: in climacteric prevention, 443
 Metaproterenol: evaluation, 10
 Metastases: seminoma, chemotherapy of, 325
 Methadone: in postoperative pain relief, 528
 Methergine: and umbilical cord venous pressure, 427
 Methicillin: levels, in newborn and prematurity, 179
 Methotrexate
 cervical carcinoma and, 310
 leukemia and, in children, 320
 ophthalmia and, sympathetic, 461
 psoriasis and, 97
 pustular eruption of hands and feet, 105
 Reiter's disease and, 290
 Methotrimeprazine: comparison with meperidine, 527
 Methyldopa, 82 ff.
 anemia and, acquired hemolytic, 84
 hypertensive responses to, 82
 Parkinsonism and, 83
 α -Methyldopa, 79 ff.
 anemia and, autoimmune hemolytic, 81
 comparison with chlorothiazide, 79
 Methylphenidate: for dystonic effects of phenothiazine, 390
 Methylprednisolone: in exophthalmos, 537
 Methysergide, 334 ff.
 migraine prophylaxis and, 334 ff.
 retroperitoneal fibrosis and, 336
 therapy, abdominal angina complicating, 337
 Metrazol (*see* Pentylenetetrazol)
 Metronidazole, 220 ff., 439 ff.
 alcoholism and, 360
 amebic dysentery and liver abscess, 221
 pregnancy and, 440
 vaginal trichomoniasis and, 439
 Vincent's disease and, 220
 Midicel: in trachoma, 464
 Migraine prophylaxis: methysergide in, 334
 Miltown: side reactions to, 370
 Mintezol (*see* Thiabendazole)
 Monilial pyohydronephrosis: amphotericin B in, 224

- Monoamine oxidase inhibitor: inducing gynecomastia, 389
- Monotheamin: in asthma, 8
- Morphine: and postoperative pain relief, 528
- Multiple sclerosis: corticotropin complications in, 339
- Muscle hypertonia: skeletal, tranylcypromine in, 341
- Myasthenia gravis, 343 ff.
corticotropin in, 345 ff.
echothiophate in, 347
therapy evaluation, 343
- Mycostatin: in pulmonary aspergillosis, 223
- Myelitis: transverse, from penicillin injection, 170
- Myelomatosis: alkeran in, 326
- Myocardial infarction, 26 ff.
heart block after, potassium, glucose and insulin in, 27
isoproterenol conversion of tachyarrhythmia in, 26
quinidine in, 57
- Myopathy: chloroquine causing, 473
- Myotonia
diphenylhydantoin and procainamide in, 348
lupus-like syndrome and procainamide, 40
- Myringoplasty: prophylactic chemotherapy in, 478
- Myxedema: pretibial, fluocinolone acetonide in, 533
- N
- Nalidixic acid, 247 ff.
cystitis and, 249 ff.
Bacillus proteus causing, 250
phosphatic encrusted, 249
urinary tract infections and, 247
in children, 248
- Narcolepsy: imipramine and desmethylimipramine in, 349
- Narcotic addiction: natural history, 352
- Neg Gram (*see* Nalidixic acid)
- Neomycin, 185 ff.
irrigation, hearing loss after, in children, 186
lactase deficiency and saccharide malabsorption during, 185
- Nephrosis: lipid, cyclophosphamide in, 271

439

Preoperative digitalization: in aged, 522

Probenecid: in diuretic-induced hyperuricemia, 55

Procainamide and myotonia, 348
lupus-like syndrome, 40

Prochlorperazine: dislocation of mandible during, 387

Progesterone
caproate, in endometrial cancer, 312
galactorrhea and abnormal menses, 442

Progestogen-estrogen: in menopause, 444

Proketazone: in schizophrenia, 378

Pronestyl (*see* Procainamide)

Propranolol: in angina pectoris, 58

Prostaphlin: allergy to, 181

Prostate
allergic granuloma of, steroids in, 6
hyperplasia, causing urinary retention, 524

Prostatectomy: hemorrhage after, and epsilon-aminocaproic acid, 507

Proteus mirabilis meningitis: ampicillin in, 208

Pruritus ani: erythrasma in, 100

Psoriasis, 97 ff.
chloroquine in, 98
methotrexate in, 97

Psychiatric disorders
electroconvulsive and pharmacconvulsive therapy in, 398
LSD²⁵ and, 353

Psychiatric hospitalization, 373 ff.
drug therapy before and during, 374
phenothiazines in prevention of, 373

Psychiatric outpatients: and perphenazine, 383

Psychiatric ward: minimal barbiturates in, 382

Psychosis
manic, lithium carbonate in, 391
therapy of, 354

Psychotic reactions: to procaine penicillin, 174

Purinethol (*see* 6-Mercaptopurine)

Purpura, 151 ff.
fulminans, 157 ff.
gangrenous, during pregnancy, 158
heparin in, 157

thrombocytopenic, 151 ff.
anemia and, hemolytic, 154
azathioprine in, 152
corticosteroids and splenectomy in, 151
during pregnancy, steroids in, 155
6-mercaptopurine in, 154, 156
prednisone, vincristine and transfusions in, 156

Pyoderma: oxygen and chlorhydroxyquinoline in, 102

Pyohydronephrosis: monilia, amphotericin B in, 224

Pyrimethamine: in polycythemia and lung disease, 150

Q

Questran: in hypercholesteremia, 42

Quinacrine: in neoplastic effusions, 303

Quinidine, 32 ff.
cardioversion and, 36 ff.
after countershock, 37
hypersensitivity, "desensitization" in, 32
myocardial infarction and, 57
recurarization with, 33

Quinolor: in acne and pyoderma, 102

R

Rauwolfia: comparison with chlorothiazide, 79

Recurarization: with quinidine, 33

Reiter's disease, 289 ff.
lincomycin in, 289
methotrexate in, 290

Resistopen: allergy to, 181

Retinopathy: chloroquine causing, 475

Retroperitoneal fibrosis: methysergide in, 336

Rheumatic disease: indomethacin in, 485

Rheumatic fever: without carditis, chemoprophylaxis in, 479

Rheumatoid arthritis, 480 ff., 488 ff.
corticosteroid withdrawal in, 490
fibrinolytic therapy of, 480
glucocorticoids in, 488
immunosuppressive drugs in, 482
indomethacin in, 483 ff.
with acetylcyclic acid, 483

Rhythm method: ovulation time and clomiphene citrate, 455

- Ritalin for dystonic effects of phenothiazine, 390
 Rondar (see Oxazepam)
 Rupture: uterine, with sparteine sulfate, 424

S

- Saccharide malabsorption, during neomycin, 185
 Salicylates (see Aspirin)
 Salmonella newport: prematurity and ampicillin, 205
 Sansert (see Methysergide)
 Sarcoidosis, pulmonary, 295 ff.
 chloroquine in, 296
 corticosteroids and function studies, 295
 Sarcoma, reticulum cell, 318 ff.
 cyclophosphamide in, 319
 vincristine in, 318
 Scars: and triamcinolone acetonide, 95
 Schistosomiasis mansoni, 263 ff.
 Ambilhar in, 263
 Astiban in, 264
 Schizophrenia, 377 ff.
 ataractics withdrawal in, 379
 carphenazine in, 378
 chlorpromazine withdrawal in, 377
 lymphocyte study, 386
 phenothiazine and, 379
 Sclerosis: multiple, corticotropin complications in, 339
 Sebum production and tetracycline, 103
 Sedation: obstetric, and sucking behavior, in newborn, 429
 Self-medication, and venereal disease, 255
 Seminoma: metastatic, chemotherapy of, 325
 Serax (see Oxazepam)
 Shigellosis: ampicillin and sulfadiazine in, 219
 Shock: endotoxic, isoprenaline in, 511
 Sickle cell
 anemia (see Anemia)
 hemoglobinopathy, and oral contraception, 453
 Silver nitrate: in burns, 502 ff.
 Skin
 Bowenoid conditions, 5-fluorouracil in, 94
 larva migrans, 106
 lesions penicillamine-induced, 301
 Sodium
 low-sodium diet, and aged, 45
 sulfate, in hypercalcemia 286
 Solacen simulated abuse of, 368
 Sparteine sulfate, 421 ff.
 75-mg dose study, 423
 comparison with oxytocin, 421
 uterine rupture with, 424
 Sparteine (see Sparteine sulfate)
 Spasticity: nerve block with phenol in, 342
 Spinal tuberculosis: chemotherapy of, 236
 Spironolactone, diabetes and hyperkalemic paralysis, 273
 Splenectomy, and thrombocytopenic purpura, 151
 Squint operations: oxyphenbutazone for inflammation after, 458
 Staphcillin levels, in newborn and prematurity, 179
 Staphylococcal infections, 197 ff.
 antibiotics in, in newborn, 197
 enterocolitis, vancomycin in, 199
 Status epilepticus, 330 ff.
 diazepam in, 330
 thiopentone sodium in, 331
 Steroids, 5 ff.
 (See also Corticosteroids)
 allergy and, 5
 anabolic, in alcoholic liver disease, 278
 arthritis and, 494
 arthropathy and, 88
 asthma and, in children, 15 ff.
 granuloma of prostate and, 6
 hemophilia and, 146
 long-acting injectable, in fertility control, 450
 pneumococcal meningitis and, 209
 purpura during pregnancy and, 155
 Stimulant, anabolic, vitamin mixture: for debilitation, in aged, 401
 Stomach
 acidity, and antacids, 122
 hemorrhage, due to aspirin, 499
 Stones (see Calculi)
 Stoxil: in dimethyl sulfoxide, in herpes simplex infection, 108
 Streptococcal infections, 194 ff.
 beta-hemolytic, evaluation of drugs in, 194

pharyngitis in rural practice, 196
 Strongyloidiasis: fatal, and corticosteroids, 87
 Sucking behavior: and obstetric sedation, in newborn, 429
 Sulfadiazine
 -resistant meningococci carriers, and antibiotics, 210
 shigellosis and, 219
 Sulfadimethoxine
 acne and, 101
 trachoma and, 465
 Sulfamethoxypyridazine: in trachoma, 464
 Sulfonamide reactions: in lupus erythematosus, 300
 Sulfone (*see* Dapsone)
 Sulfonylurea: hypoglycemia and glucagon, 119
 Susceptibility to drugs: clinical factors influencing, 283
 Synalar: in pretibial myxedema, 533
 Synovial membrane: permeability to antibiotics, 167
 Syntocinon, buccal, 425 ff.
 comparison with ergot alkaloid, in postpartum period, 426
 labor induction with, 425
 Syphilis: serodiagnosis and therapy of, 251

T

Tachyarrhythmia: during myocardial infarction, 26
 Tachycardia: ventricular, lidocaine in, 30
 Taenia saginata: bithionol in, 260
 Talwin (*see* Pentazocine)
 Tandearil (*see* Oxyphenbutazone)
 Tapeworm infestation: thiabendazole in, 261
 Teeth: deciduous, tetracycline discoloration ante partum, 193
 Temposil: comparison with disulfiram, 358
 Tepanil: in obesity and angina pectoris, 409
 Testosterone
 defective iron reutilization and, 141
 enanthane, for lactation suppression, 432
 Tetanus: diazepam in, 226
 Tetracycline, 191 ff.
 acne vulgaris and, 103

 bronchitis and, 20
 discoloration of deciduous teeth ante partum, 193
 disposition during pregnancy, 191
 intracranial hypertension after, 193
 meningeal irritation due to, in newborn, 192
 renal failure and, 165
 Theophylline. in asthma, 8
 Thiabendazole, 261 f.
 pinworm infestations and, 257
 tapeworm infestations and, 261
 trichinosis and, 261
 visceral larva migrans and, 266
 Thiethylperazine: as recovery room antiemetic, 531
 Thiopental
 D-C countershock and, 35
 status epilepticus and, 331
 Thiopentone sodium: in status epilepticus, 331
 Thioridazine: and heart changes, 385
 Thio-TEPA: in ovarian carcinoma, 311
 Thorazine (*see* Chlorpromazine)
 Thrombocytopenia (*see* Purpura)
 Thromboembolic disease: anticoagulants and hip surgery, 516
 Thromboembolism, postoperative, 513 ff.
 anticoagulants in, 514
 prophylaxis results, 513
 Thrombophlebitis, 85 ff.
 fever and anticoagulants, 85
 migratory, heparin and warfarin in, 86
 Thrombosis: and oral contraception, 453
 Thrombotic crises: of sickle cell anemia, indomethacin in, 144
 Thyroid
 desiccated, in obesity, 408
 function tests, and oral contraception, 447
 Tic douloureux pain: mephenesin for, 350
 Tiqueurs: adolescent, diazepam and haloperidol in, 366
 Tofranil: in narcolepsy, 349
 Tolazamide: in diabetes, 117 ff.
 Tolbutamide, 110 ff.
 anticoagulants and, 113
 diabetes and, 110 ff., 115
 Tolinase: in diabetes, 117 ff.

- Tolseram: in tic douloureux pain, 350
- Torecan as recovery room antiemetic, 531
- Toxic megacolon, 131
- Toxicity
 fluorouracil, and corticosteroids, 90
 penicillin, CNS manifestations of, 173
- Trachoma, 464 ff.
 gantrisin and madribon in, 465
 sulfamethoxypyridazine in, 464
- Tranquilizers
 antidepressants and, in depression, 404
 unnecessary use, in elderly, 367
- Transfusions: and thrombocytopenia, 156
- Triancypromine
 depression and, 403
 skeletal muscle hypertonia and, 341
- Trauma: synovial membrane, permeability to antibiotics, 167
- Trecator: tolerance in tuberculosis, 234
- Triacetyloleandomycin: in streptococcal infections, 194
- Triamcinolone
 dermatoses of extremities and, 104
 scars and keloids, 95
- Triamterene
 hyperkalemic effects of, 54
 potassium-sparing effects in hypertension, 78
- Trichinosis: thiabendazole in, 261
- Trichomoniasis: vaginal, metronidazole in, 439
- Trilafon (see Perphenazine)
- Tubal occlusion: hydrotubation in, chymotrypsin used, 441
- Tuberculosis, 233 ff.
 antituberculosis drugs and diphenylhydantoin action, 242
 drug resistant, 227 ff.
 childhood, 228
 study of veteran population, 227
 ethionamide and PAS in, 234
 lymph node-bronchial, prednisone in, in children, 240
 peritonitis and, 237
 pulmonary
 follow-up after therapy, 235
 isoniazid and PAS in, dosage study, 233
 persistent posttuberculosis cavities after chemotherapy, 237
 pneumoconiosis and, chemotherapy of, 239
 spinal, chemotherapy of, 236
- Tybamate: simulated abuse of, 368
- Typhoid, 203 ff.
 carriers, and ampicillin, 203
 excretors, and ampicillin, 204
- ## U
- Ulcer
 duodenal, antacids in, 122
 jejunal, and potassium gluconate, 56
 peptic, after aspirin, 501
- Ulcerative colitis, 125 ff.
 antimetabolites in, 125
 azathioprine in, 128
 corticosteroids in, 129 ff.
 with surgery, 129
- Umbilical cord venous pressure: and Methergine, 427
- Uremia: allopurinol in, 138
- Uremic accentuation: of chlorpromazine pigmentation, 388
- Urethra: male, bacterial flora in urethritis, 243
- Urethritis
 male, furazone in, 243
 premenstrual syndrome, 439
- Uric acid metabolism disorders, and allopurinol, 139
- Urinary calculi: and analgesic consumption, 527
- Urinary retention: due to prostatic hyperplasia, 524
- Urinary tract infections, nalidixic acid in, 247 ff.
 in children, 248
- Urology: and pentazocine, 525
- Uterus
 pregnant, effect of intranasal oxytocin on, 417
 rupture, with sparteine sulfate, 424
- ## V
- Vaginal trichomoniasis, metronidazole in, 439
- Valium (see Diazepam)

Vancocin: in staphylococcic enterocolitis, 199
 Vancomycin: in staphylococcic enterocolitis, 199
 Vasodilan: and prematurity, 428
 Velban: in Hodgkin's disease, 327
 Venereal disease: and self-medication, 255
 Ventricle
 fibrillation, multiple counter-shocks in, 33
 tachycardia, lidocaine in, 30
 Vinblastine: in Hodgkin's disease, 327
 Vincent's disease: metronidazole in, 220
 Vincristine
 sarcoma and, reticulum cell, 318
 thrombocytopenia and, 156
 Visceral larva migrans: thiabendazole in, 266
 Vitamin, anabolic, stimulant mixture: for debilitation, in aged, 401
 Vitamin B₁₂, 144 ff.
 absorption
 during PAS therapy, 242
 in suppository, 145
 pernicious anemia and, 144
 Vontrol: evaluation as antiemetic, 532

W

Warfarin, 72 ff.
 -griseofulvin antagonism, 72
 phenobarbital and coagulation, 74
 phenylbutazone potentiating, 73
 thrombophlebitis and, migratory, 86
 Water intoxication: and oxytocin, 420
 Wegener's granulomatosis: imuran for, 17
 Wheezing: from pulmonary embolism, heparin in, 24
 Wound infection: colonic surgery and ampicillin, 520
 Wyacort: in exophthalmos, 537

X

Xanthine oxidase inhibitor (*see* Allopurinol)
 Xylocaine: in ventricular tachycardia, 30

Z

Zinc
 glucagon, in hypoglycemia, in infant, 297
 sulfate, and healing, 510
 Zylprim (*see* Allopurinol)
